

Please do not allow Sinclair stations to pre-empt programs during prime time two weeks before the election to air the anti-Kerry program "Stolen Honor". This program is related to the ads produced by the Swift Boat Veterans for Truth, which were found, after they were aired, to contain outright lies.

Sinclair stations use public airways free of charge, and are required by law to serve the public interest. One-sided programs like "Stolen Honor", unless they are followed by a program representing the opposite side, do not serve the public interest, and are harmful to our democracy. If you do allow this program to be shown, please insist that it be followed directly by a pro-Kerry program like "Going Upriver" or "Fahrenheit 911".

Sincerely, Ann Marie Fischer
